SUPERINTENDENT’S MESSAGE

Everything’s Possible for Students of All Ages with Community Ed!

For more than 140 years, Boise Schools have played an integral role in the health and vibrancy of our neighborhoods. Creating a sense of community has never been more important. This year, our Community Education program celebrates 50 years of providing lifelong learning! Our Community Education program is a natural extension of our commitment to creating a culture that is inclusive and community-centric.

This Spring, we are excited to once again offer in-person Community Education classes, as well as online courses. The Boise School Board has voted to make masks optional for students and staff members who are vaccinated. For students and staff who are not vaccinated, the district recommends they continue to wear masks or face coverings, though it’s not mandated.

Through our Community Education program, participants of all ages develop skills, pursue new interests and become more involved with family, friends, neighbors and community. As a Community Ed student, you’ll be able to enjoy affordable, educational and life enhancing opportunities.

Our volunteer instructors teach a variety of courses including culinary skills, wellness, computer basics, music, arts, crafts, and much, much more. You’ll find all the information you need about our classes, procedures and registration details right here in our Spring 2022 Community Education Catalog, as well as on our Community Education website — www.boiselearns.org

I encourage you to continue your lifelong education and join us in building a better community.

We’ll even discuss the history of cemeteries, burial customs, symbolism and even a little humor.

COMMUNITY EDUCATION  (208) 854.4047 or e-mail communityed@boiseschools.org  WWW.BOISELEARN.org
Andrew Query grew up consuming the 70s music of his older siblings’ 8-tracks and LPs. It was when his much older sister gave him Queen’s A Night At The Opera for his 10th birthday that his insatiable appetite for all things music became aroused. Having had his mind sufficiently blown, he built an impressive music collection via Columbia House and set his sights on becoming a rock star. Upon realizing he wasn’t pretty enough to be a star, he earned bachelor’s degrees from Boise State University in Music, Music/Business, and Marketing. He currently plays ukulele, guitar, mandolin, charango and dulcimer as well as a bit of cornet, didgeridoo, and accordion though, admittedly not very well. He currently teaches private guitar and ukulele lessons to beginning students.

Andy and his wife live on a small working farm in Garden City, growing fruit and veggies for a CSA, seed for Snake River Seed Coop, and potted horseradish plants for Zamzows. They share their diverse farm with a cat, a rabbit, two domestic ducks, four goats, 22 chickens, an occasional skunk, marmot, nutria, and muskrat, as well as a hundred or so mallards, wood ducks and geese. Andy is also a luthier who apprenticed under master luthier John Bolin, and builds electric and acoustic guitars, ukuleles, and Cajón drums.

We are clearly lucky to have Andy Query volunteer his time and extensive knowledge with Community Ed! This spring, he is teaching BEGINNER UKULELE. Do not delay! His class fills up fast!
